

LAC Federal awarded GSA IT Schedule 70 contract

Rockville, Md. – April 27, 2017 – LAC Federal, a provider of mission-critical outsourced library, information, and knowledge management services for the U.S. government, has been awarded a five-year U.S. General Services Administration (GSA) IT Schedule 70 contract to provide professional information technology services and health information technology services to federal, state and local government agencies. According to GSA, IT Schedule 70 delivers government agencies the tools and expertise to shorten procurement cycles and obtain the best value for innovative technology products and services.

GSA has approved LAC Federal to participate as a prime contractor for awards in Special Item Numbers 132-51 (i.e., information technology professional services) and 132-52 (i.e., health information technology services). Services within these numbers include:

- Automation information systems design and integration services
- IT data conversion services
- Creation and retrieval of IT-related automated news services and data services
- IT systems analysis services

LAC Federal, part of the [LAC Group](#), delivers IT professional services and [Library as a Service](#)[®] (LaaS) solutions. Government agencies use these service and solutions to identify, access and serve up the know-how and information researchers and their constituents need to achieve their goals.

LAC Federal's clients include the Foreign Service Institute's Stephen Low Information Center, The Joint Bank-Fund Library, Library of Congress, National Agricultural Library, National Library of Education, NOAA Central Library and Regional Libraries, and USAID Library and Knowledge Services Center. LAC Federal's services range from supporting specific functions at these entities to managing and staffing the whole institution.
